What is the ICV Alumni Grant?

The ICV Alumni Grant offers small funds for ICS in-country volunteers (ICVs) to organise activities that will have a positive and measurable impact in their community. The grant offers funding up to a maximum value of £1000 (GBP).

In 2015, world leaders agreed to 17 goals for a better world by 2030. A 15 year plan was created for everyone, everywhere with the aim to create a world where none is left behind and no one anywhere lives in extreme poverty. The Sustainable Development Goals (SDGs) are a call to action and have the power to end poverty, fight inequality and stop climate change and we can all contribute to making sure these goals are met.¹ You can read more about the global goals here.

Through funding from the ICV Alumni Grant, ICVs have been able to contribute to many of these goals, for example:

- **SDG 8**: Jobs, Employment & Economy - through employability skills & entrepreneurship training with young Ghanaian mothers;
- **SDG 3**: Good Health & Wellbeing - by holding Sexual Reproductive Health and Rights training in Kenyan schools;
- **SDG 16**: Peace, Justice & Strong Institutions - through youth leadership and peace workshops in South Africa.

We have five priority goals for the ICV Alumni Grant and these are:

- **Good Health and Wellbeing**
- **Quality Education**
- **Gender Equality**
- **Decent Work and Economic Growth**
- **Peace, Justice and Strong Institutions**

If you have a great idea for an activity that will contribute to these global goals and make a positive and sustainable impact in your community, then the grant fund can help you get started!

**What support will I receive?**

You will be allocated a Grant Champion. This is an ICS staff member based in your country who will support you throughout your grant journey. For example, through an induction to the whole Grant process, check-ins via email or phone, and maybe a visit to your activity! You can find your country and agency’s Grant Champion [here](#). If your agency is not listed, please contact the VSO representative for your country.

**How do I apply for the grant?**

**Step one**

Think of an issue that motivates you and the type of activity that might have a positive and sustainable impact in your community. Remember, it needs to align with one of our 5 priority SDGs.

**Step two**

Complete the online application form by the submission deadline, making sure it meets all essential criteria. You can contact your Grant Champion for further support, if needed.

**It's important that your application clearly outlines how the activity meets the criteria, please answer all the questions in the online form**

**Step three**

If your application is successful, you will be invited to attend an online induction with your agency before you start your activity. It is essential that you attend this induction and it will also be an opportunity to ask any questions and meet fellow ICVs who have planned activities.

**Step Four**

You will receive funding to deliver your planned activity. You can now start creating change and involve and inspire others to take action! Remember to keep all the evidence – that’s receipts when you spend money and lots of photos and videos of your activity!
Step five
Once you’ve finished your activity, complete a report and submit this along with evidence of your expenditure. We want to hear about all the amazing work you’ve accomplished and share it with the global ICS network!
